

**NO KID SLEEPS
ON THE FLOOR
IN OUR TOWN!**

Sleep in Heavenly Peace builds bed for children who would otherwise be sleeping on floors.

They assemble the beds, but do not have a way to accurately cut the lumber.

Lowes delivers the lumber to Riderwood.

The lumber is cut to SHP's dimensions by the Woodcrafters, then picked up by SHP.

For more information on SHP, click on this link:

Loews delivering the wood

The lumber is temporarily stored in the Wood Shop Annex.

Cutting the lumber to the requested sizes

Storing the cut wood back in the Annex until pickup

Since 2022, more than 3,000 Toy Cars have been built in the Wood Shop.

These have been distributed to underprivileged children domestically and internationally.

For more information on *Toys for God's Kids*, click on <https://www.toysforgodskids.org/>

In the early 2020's, the Woodcrafters built a series of 60 bird houses.

Those replaced Riderwood bird houses that were disintegrating due to exposure.

The wood was intentionally not coated to prevent the birds from ingesting any paint or other finishes that might be harmful.

You can see these bird houses all over the Riderwood campus.

The one in the picture is along the road near the new Recreation Plaza.

During the Covid Pandemic, the Woodcrafters built a series of desks for children who needed to study at home.

These were delivered to a local Elementary School.

The Woodcrafters built cabinets and bathroom vanities for about 120 Habitat for Humanity houses.

These photos are from 2005.
