

Photography Club

offers the

Exposure Triangle Workshop

to all residents

Master the Exposure Triangle! ---- Beginner Photography Workshop

Are you a budding photographer ready to move beyond auto mode? Unlock the secrets of stunning photography by learning the **Exposure Triangle** — the key to capturing beautifully lit images every time.

Workshop Highlights:

- Understand Aperture, Shutter Speed, and ISO
- Learn how these settings work together to control light, focus, and motion
- Hands-on practice with your own camera

Dates: 7 Mondays from February 2 to March 16

Location: Lakeside Commons Classroom

Time: 11 AM to noon

Cost: FREE

What to Bring:

- DSLR or Mirrorless Camera (any brand)
- Notepad or tablet for notes
- Camera manual

Your creative spirit!

To register or ask questions, email Tom Tucker (tucker20904@gmail.com) by January 19. Include your camera brand and model.
